PROFESSIONAL SUMMARY

Data Analyst who turns raw data into clear, actionable insights using Excel, SQL, Power BI, and Tableau. Built analytical projects across retail sales, e-commerce, and customer churn, applying data cleaning, SQL querying, Power Query, DAX, data modeling, and interactive dashboard design to identify trends, performance drivers, and areas for improvement. Works through the full analytical process, from raw data and transformation to analysis, visualization, insight, and business decision.

TECHNICAL SKILLS

ANALYSIS & PREPARATION	Microsoft Excel · SQL · MySQL · Data Cleaning · Data Analysis
BUSINESS INTELLIGENCE	Power BI · Tableau · Dashboard Development · Data Visualization · KPI Development
TRANSFORMATION & MODELING	Power Query · DAX · Data Modeling
ANALYTICAL METHODS	Customer Segmentation · Trend Analysis · Performance Analysis · Business Insights · Interactive Reporting
TOOLS	Microsoft Excel · MySQL · Power BI · Tableau · GitHub · VS Code

SELECTED PROJECTS

Customer Churn Intelligence Dashboard — Power BI	
TOOLS Power BI · Power Query · DAX · Data Modeling · Customer Segmentation	
- Analyzed approximately 7,043 customer records from the IBM Telco Customer Churn dataset to investigate customer retention and churn patterns. - Prepared and transformed the data in Power Query, then built a structured data model with DAX measures to analyze churn, revenue, customer segments, service adoption, and risk indicators. - Built a three-page interactive Power BI dashboard covering Executive Summary, Service & Revenue, and Risk & Insights. - Translated analytical findings into business-focused insights and recommendations for improving customer retention.	
E-Commerce Sales Analysis — MySQL	
TOOLS MySQL · SQL · Relational Database Analysis · Business Intelligence	
- Analyzed a relational e-commerce database of 25,000 orders, 68,912 order items, 5,000 customers, 500 products, and 15 categories. - Wrote SQL queries to evaluate revenue, order performance, customer spending, product categories, payment methods, and monthly trends. - Identified total revenue of approximately ₦15.09B from 3,852 distinct purchasing customers, an average order value of ₦603,754, and Electronics category revenue of approximately ₦6.66B. - Investigated monthly and payment-method patterns: December was the top revenue month (₦1.34B), January led on order volume (2,203 orders), and Bank Transfer had the largest payment share (31.10%).

Retail Sales Analysis — Microsoft Excel

[GitHub: Retail-Sales-Analysis](#)

TOOLS Microsoft Excel · PivotTables · PivotCharts · Slicers · KPI Analysis · Data Visualization

- Analyzed retail sales data in Excel to identify sales performance patterns and key business metrics.
- Cleaned and structured the dataset before developing an interactive analytical dashboard.
- Used PivotTables, PivotCharts, slicers, and KPI cards to enable dynamic exploration of sales performance.
- Designed the dashboard to communicate trends and business performance clearly for decision-making.

PROFESSIONAL EXPERIENCE

Adrenaline Creative Hub — Data Analytics / SIWES Intern

May 2026 – October 2026

Ogun State, Nigeria

- Applied data analysis concepts and tools in a professional environment during a six-month SIWES placement.
- Worked with Excel, SQL, Power BI, and Tableau across analytical tasks, dashboard development, data preparation, and business-focused reporting.
- Practiced turning raw data into structured insights and visual reports.

Beez Academy — Graphic Designer

June 2026 – Present

- Design promotional flyers and visual communication materials for academy programs, announcements, and campaigns.
- Translate information and promotional objectives into clear, visually structured designs for digital distribution.
- Work with academy branding requirements to maintain consistency across promotional materials.

Jacotake Ventures — Sales Manager

2022 – 2024

- Managed sales activities and supported day-to-day customer and business operations.
- Engaged with customers, understood their needs, and supported product or service sales.
- Monitored sales activities and contributed to customer relationship management and business growth.

EDUCATION

Ekiti State University, Ado-Ekiti, Nigeria

Expected Graduation: 2028

Bachelor of Science in Education (Computer Science Education)

CERTIFICATIONS

IBM Cognitive Class — SQL and Relational Database 101

Forage / Deloitte — Daikibo Data Analytics Virtual Experience

DataCamp — Introduction to SQL
